

# RC Mobile Lift 700

## *Bariatric Patient Lift*

Optional Scale

## **Supporting safer caregiver lifting of bariatric patients**

The RC Mobile Lift 700 is a portable lift and transfer system for patients with limited mobility weighing up to 700 pounds. It can be operated by a single caregiver and utilized in any care setting. The elevated boom height allows for proper clearance to a wheelchair, commode or stretcher and helps provide a more secure, comfortable lift for the patient. The RC Mobile Lift can be equipped with an optional scale for patient weighing.
