

# RecoverAir Stimulus™

*Advanced Alternating  
Pressure Mattress  
Replacement System*

## **The pinnacle of alternating pressure therapy**

The most severe wounds need progressive treatment. The RecoverAir Stimulus provides powered alternating pressure with gradient high pressure to induce reactive hyperemia (capillary refill). The sophisticated micro-processor driven pump controls the time of exposure to pressure and alternates on a frequent and automatic basis. The Stimulus' "active" therapy has proven effective on severe, chronic pressure ulcers.

# RecoverAir Stimulus™ *Advanced Alternating Pressure Mattress Replacement System*

## Features

- Active alternating pressure technology
- Induces reactive hyperemia (capillary refill)
- Inflation pressure determined by patient weight
- Alarm indicates loss of power or sudden drop in pressure
- Remains inflated up to 12 hours in the event of power loss
- Quick release for rapid CPR deflation
- Made in the USA
- Latex free

## Clinical Considerations

- Multiple stage 2, 3 or 4 pressure ulcers
- Contra-indicated for patients with unstable spine conditions

## Specifications

- Dimensions
  - Pump: 11" x 14" x 6" (9 lbs)
  - Mattress: 80" x 35" x 9" (custom mattress sizes available)
- Weight limit: 350 lbs
- Agency Approvals: UL 60801-1, C22.2 No. 601.1
